

How to choose the right cute name for your girlfriend

If you are looking for a cute name for your girlfriend, you will be surprised that it is not that difficult. When you give her a cute name it only shows that you are now willing to share a special bonding with her. When you start calling her with it, you are shouting to the world that she is yours and at the same time you truly love her. At the same time, with names for each other, you have reached a point where you have created this exclusive and wonderful little world together. So if you think about it, it is really not that hard to choose a cute name for your [girlfriend](#). You can take your pick from the many different categories out there. What you must do really is just make sure that you choose the best one that would describe her and will show how much you really adore her.

The childhood theme name, like teddy bear, is the first category. Childhood inspires innocence and fun, so this is a particularly good place to start. Toys, cartoon characters you used to watch and other childhood fun stuff are where you can find such cute names. Then there is your memorable times category. Now this is easy because you will simply have to remember a particularly lovely time together and take inspiration from there. For example, if you went to the park and she kept looking and touching the flowers, you can call her bumble bee. Another good source of inspiration and the most commonly used ones is food.

You can choose from sweets, like cupcake, or you can choose from fruits, such as strawberry. Your girlfriend will love that you see her as sweet and cute as those sweets and fruits. Do not call her anything associated with heavy meals, like pork chop. She will definitely not see that as cute and will probably think that you see her as fat. Another category you can take your pick from is cute animal, like kitty cat. Again, make sure to be sensitive with your choice. A gerbil may be cute for you but she will probably find it offensive if you call her anything from the rat family.

After you have chosen the cute name for your girlfriend, to make the name sound more endearing, you might want to add cute words like silly or my little. As your relationship progresses, you will realize that the cute name will always come in handy when you want to simply apologize or to make her feel more special.
